1. Purpose

Environmental policy is one of the critical guiding documents of our school. The purpose of this policy is to put measures and procedure in place to respect and protect the environment, atmosphere and around the school

2. Aims

Manage the environment

Identify the areas.

Keep our environment safe and clean

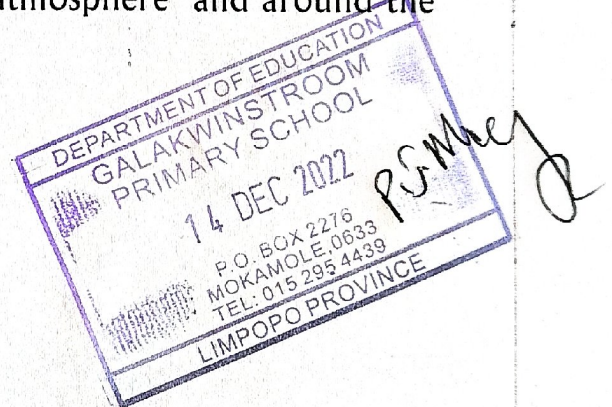

3. Accountability and Responsibility

3.1 The principal of our school is responsible to implement, managing and sustaining the policy procedure described in this document.

3.2 Learners are encourage to keep the environment clean.

3.3 Educators are maintaining and implementing the policy on cleanliness especially in their classrooms.

3.4 Go green campaign and environment policy are implemented.

3.5 Eco group are foresee and obliged to clean environment.

4. Procedure for environment policy

Supply all classroom with dustbin .

Put and indicate the different dustbin for recycling .

Mark the dustbins so that user can be able to identify one for bottle, paper and plastics.

Encourage all stakeholders to use this opportunity to participate in a clean environment.

Report to principal to outline the development and procedure portainly to environment.
