SEPEDI PRIMARY SCHOOL

ENVIRONMENTAL POLICY

Sepedi Primary School registered with the Limpopo Green Schools for earth ethics and developing a healthy environment.

We pledge to keep our school clean all the time and littering is strictly prohibited among all stakeholders.

VISION

Our vision is to provide quality general education for excellence among all our learners. We therefore, commit ourselves, to ensure that all the stakeholders within our school harness and acquire the necessary skills and knowledge to apply them in making sure that our school environment and surroundings are always clean, safe and free from sharp objects and littering.

We pledge to be all involved in carrying out the responsibilities. We shall take advantage of our resources, though not so sufficient, to make our school a clean, healthy and conducive environment. We shall honor all the important days in a year that encourages and educates the communities about the preservation of water, tree planting and environment cleanliness. This endeavor must be sustainable and annual.

MISSION

Our mission emphasizes the importance of working as a team, a unit and a coherent force. We will therefore strive for excellence and hard work. We will educate and take all stakeholders through SKAV, meaning that we shall equip them with values, skills, attitudes and knowledge to be able to implement the notion of keeping the environment clean and safe and serving electricity, water conservation and recycling

This will be achieved through, coherence, discipline, commitment, diligence and unity.
